CYRILLE BLARD – PRÉSIDENT CLUB DÉCONSTRUCTION BTP

OREE ...

The association's action focuses on three priorities:

- Biodiversity and economy, or how to integrate biodiversity into the strategy of organizations,
- Circular economy approaches focus on products / services / equipment (functional economy, eco-design), sectors (recycling / recovery) and territories (industrial and territorial ecology),
- CSR reporting and local anchoring in connection with French and European regulations on the publication of extra-financial information.

...
